

Nab 4 Near Store With Variety Of Weapons

Foil Apparent Venue Robbery Plan; Three Arrested In Tire Theft

Venue police foiled an apparent holdup attempt when they apprehended four Missouri youths outside the Venice Liquor Store, 136 Broadway, at 10 p.m. Saturday. An arsenal of weapons, many of them home-made, was confiscated from the group's auto.

Disorderly conduct and curfew violation charges were lodged against the four, who were released yesterday on cash bonds of \$30 each, with hearings set for Aug. 12. Two 14-year-old girls with them were released to their parents Saturday night.

Articles taken from the group included two realistic-looking toy guns; two ball bats loaded with metal; a heavy metal pipe; four rubber hoses with taped ends; four metal files; a wrench; and a plastic blunt case which could have doubled as a mace, police said.

The liquor store, a favorite nighttime target of robbers, was open at the time. Police patrolling in the area noticed the boys standing at the side of the store building, near the front, and saw one of them holding a wooden bat.

During questioning, it was noted that the bat was loaded in a manner which it is to be used as a blackjack. When the youths could give no satisfactory explanation for their presence or the weapons, they were taken into custody and lodged at the police station.

Two Jennings, Mo., residents, gave their ages as 16 and 18, another 16-year-old resident in St. Louis, and the fourth, also 16, was from St. Louis.

2792-Pupil Five-Year Gain In GC District Leads County

When the 15 Madison county school districts resume classes this fall, enrollments are expected to show a five-year gain of 2792, topping 50,000 for the first time. And 2792 of that total will be in the Granite City school system, which has shown the largest increase in the number of pupils of any district in county.

Estimates assembled by the School Super. Wilbur R. L. Trimpe show September 1961 turnouts of 50,924, including 11,800 in Granite City — largest total in the county — 2847 in Madison and 809 in the Venice district.

Other estimates are 3363 in Roxana, 1350 in Triad, 425 in Livingston, 1445 in Highland, 4349 in Edwardsville, 3320 in Bethalto, 5230 in Collinsville, 11,288 in Alton, 1589 in East Alton elementary schools, 1180 in East Alton-Wood River high school, 1354 in Wood River elementary and 315 in Worden.

The 2792 gain in Granite City public schools since 1956 compares with 1643 in Alton, 1118 in Edwardsville, 916 in Collinsville, 524 in Roxana, 544 in Bethalto, 286 in Triad, 223 in East Alton-Wood River high school, 302 in Highland, 196 in Wood River elementary, 136 in East Alton elementary, 59 in Madison, 37 in Livingston and 15 in Worden.

Livingston is listed for a decrease of 74 over the five years.

6.5% Yearly Gain

While numerically highest, the Granite City gain averaged 6.2% a year, topped by Edwardsville's 7% and Roxana's 6.4%.

All 15 districts retained the same boundaries during the five years, it was learned at the county superintendent's office.

Strike Spreads To Highway Projects

Conciliator Seeking Meeting In Week-Old Construction Stoppage

No immediate prospects for a settlement were visible as a week-old strike of construction laborers spread today to halt highway projects throughout a 12-county area.

With no negotiating meetings held or scheduled, the dispute over wages has halted virtually all building projects in the Quad-Cities and surrounding area. An arbitration proposal by the Southern Illinois Builders Association has not been accepted by the laborers' locals or district council.

Originating simultaneously last Tuesday, Aug. 1, in the areas covered by Local 907 here and Local 100 in East St. Louis, the work stoppage spread the next day to Alton and Wood River, and the following day to the entire 12-county region.

The strike had reached all construction firms by today, except a few small companies that have approved new contracts. It was learned. Over \$100,000,000 in construction is tied up, and many members of other building unions are affected by the stoppage.

Wage Disagreement

Basic issue is the amount of hourly increases to be included in a new two-year pact. Present pay is \$3.45. The laborers' groups are seeking 15-cent hourly raises each year, and the firms have offered 7 1/2 and 10 cents, charging.

Crackdown On GC Parking Ticket Holders Begins

A crackdown on Granite City motorists who have ignored tickets on illegal parking began last week, and through today about \$300 in delinquent fines has been collected. City Attorney William Beatty announced.

In the past year or two we've kind of slipped behind in enforcement of this, but the day of reckoning has come," he said.

With thousands of violators, names, addresses and license numbers on file at the police record room, it was estimated that delinquent tickets run into "tens of thousands of dollars."

By appearing at the police station voluntarily, drivers can erase violations by paying \$1 for each ticket, police emphasize.

Otherwise, warrants are issued and fines of \$5 to \$100, plus court costs and the amount of the ticket, result.

Beatty said warrants are being served first on persons with the largest number of tickets and will progress downward.

So far, two warrants have been issued, including one to a man who has accumulated 194 unpaid tickets.

OVERFLOWS FOUNTAIN, not yet in use, has been flooded by rainfall. The work men are doing at 21st and Madison avenue is nearly finished, but it is one of the projects halted by the construction laborers' strike. Not subject to strikes, the weather has filled the base of the display fountain in advance of the completion date.

Renovation Of Venice Bridge Nearing End

Long-awaited completion of extensive remodeling of the McKinley Bridge is expected early this fall, possibly September or October, it was learned. From city officials at Friday night, Venice city council meeting.

The work is in its final stages. With the \$1,000,000-plus program nearly done, the council still faces additional improvements to the 31-year-old bridge scheduled for this week, McMillen said. A resolution (previously for the tax account and \$4000 for the September insurance budget).

Bridge Manager Henry McMillen said traffic was diverted at the Missouri end of the bridge Friday to the two southern lanes, leaving work to start on the north end.

The final portion of track repair in the center of the bridge is scheduled for this week, McMillen said. A derailed freight car was dragged about 700 feet in July, making the repair project necessary.

The inspection report described the bridge as in satisfactory condition but recommended changes as soon as the remodeling contracts are completed by Whiting-Turner of Baltimore and General Contracting Co. of St. Louis.

30-Mile Limit

The suggestions are 30-mile-an-hour speed limit signs at the intersection along the highway, and replacement of the existing signs.

Firemen Revive Venice Girl Near Death In Bath Tub

Emilia Williams, one and a half years old, had a narrow escape from death at her home at 4:18 p.m. Friday when she slipped underwater while in a bath tub. Momentarily unattended, she was near death, drowning when found, but was revived by Venice firemen.

Operating under the firemen helped the girl regain consciousness at the Williams home, 1232 Madison street. They also accompanied her in an ambulance to St. Elizabeth Hospital, where she was admitted.

She is the daughter of a man who has accumulated 194 unpaid tickets.

50 DAYS WITHOUT QUAD-CITY TRAFFIC DEATH

The new contract, which became effective Aug. 1, provides for a wage increase of approximately 3 1/2% to take effect on Oct. 1, 1961. The contract also provides for other changes.

The agreement was reached after two months of negotiations.

GC Boy, 4, Killed As Truck Backs In Driveway

John Kamadulski Hit By Wheel, Suffers Head Injury Sunday Evening

John E. Kamadulski, four-year-old son of Mr. and Mrs. Leo Kamadulski, 2701 Swan avenue, Benjamin Addition, died 10 minutes after arrival at St. Elizabeth Hospital after being struck by a truck driven by his father in a driveway behind their home shortly before 6 p.m. Sunday.

Kamadulski, who does landscape work, told the Press-Record he had just loaded a small tractor onto the truck from a garage behind the house in preparation for work this morning, and was backing a way from the garage at the time of the accident.

He said he had warned his son to keep clear of the vehicle because of the danger.

Three of the injuries mishaps occurred on highways.

Two injuries resulted from a collision on Route 157 a mile south of Alternate 40 at 7:48 a.m. Friday.

Those hurt were Larry Hagler, 31, of 2424 Hodges avenue, who was admitted to St. Mary's Hospital, East St. Louis, in fair condition, and Charles Shelton, 37, of 2020 Manley avenue, who suffered minor injuries.

State troopers said Shelton had slowed to make a left turn, with Hagler as his passenger. There was damage to the left rear of Shelton's car and the front of the auto of Mrs. Wright, 48, of 3013 West 20th street, who was headed in the same direction, officers reported.

Boys Hit By Car

Jesse Lee Kelley, five, son of David E. Kelley, 1427 Washington avenue, is in fair condition after head injuries in St. Mary's Hospital, East St. Louis, after being struck by a car at 6:40 p.m. Friday while crossing Collinsville road at 9100. He was in serious condition when admitted.

State troopers said the east-bound auto which struck Kelley was driven by Mrs. Virginia Garza, 40, of University City, Mo. She was not charged or injured.

Hospital personnel said no one was injured.

3% Wage Hike In Blast Furnace Dept. Contract

Granite City Steel Co. and Local 30 of the International Union of Marine, Shipbuilding and Shipworkers Union have agreed on a new one-year contract covering about 800 employees in the company's Blast Furnace Department.

The agreement was reached by Lyle F. Gully, vice-president of the union, and Charles W. Hamilton, business representative of Local 30.

The new contract, which became effective Aug. 1, provides for a wage increase of approximately 3 1/2% to take effect on Oct. 1, 1961. The contract also provides for other changes.

The agreement was reached after two months of negotiations.

Lightning Causes House Fire During Rainstorm

Lightning struck a 2 1/2-story frame dwelling at 1831 Benton street during the height of a sudden thunderstorm that struck here shortly before 8 a.m. Saturday. The lightning set the attic on fire and caused \$2500 damage from flames and water.

Owner Thomas Peterson and his wife, eight children, and invalid mother were rushed to the rain by the 8:24 a.m. fire, answered by the main Granite City station with a ladder and pump.

The room back of Benton was closed to traffic by Granite City police during the blaze, which proved pronounced at 9:35 a.m. They were at the scene beyond 10 a.m.

The family was running out when they arrived and a lady was screaming about a woman still in the house, but "but same one must have brought her out because we found her sitting in the room in a wheel chair."

The attic was burned out. The building was insured except for the contents, which suffered only slight water damage, firemen said. No injuries were reported. The storm brought high winds, some hail and heavy rain, temporarily flooding many streets.

The rain was recorded at 4:51 p.m. Sunday morning, having occurred after the daily check on Saturday.

This increases the month's total to 65-inch, including 20 on Aug. 3. There were traces on Aug. 2 and 4, and no rainfall on Aug. 1, Aug. 5 and today.

IRS Office Close Still Scheduled Despite Protests

Jay G. Philpott, district director of the Internal Revenue Service in Springfield, has set Sept. 30 as the closing date for the Granite City office, despite protests by local organizations to block the move.

In an almost identical six-page letter last week to Edwin Reiske, president of the Tri-Cities Trades and Labor Council, and to Harlin Dobey, manager of the Tri-Cities Chamber of Commerce, Philpott said the decision to close the office was arrived at "only after careful consideration of many factors."

"Please be assured that we intend no hardship or inconvenience to people of your community in this action," he wrote. "Rather, our plans provide for continuing needed service or assistance to taxpayers in various ways which should result in better availability and quality of service for the most part."

Belleville Close Later

With removal of the Granite City office, Quad-City residents would have to go to either Alton or East St. Louis for tax services. The Belleville office is also slated to be closed, although probably not until some time next year.

Reiske said the Trades Council will continue to fight the removal of the office. "We feel that it is here for the good of the people," he said, and the people will not be better served by having to go to East St. Louis or Alton."

Paul H. Lichtenberger, Chamber of Commerce president, said his group has no immediate plans for further action at this time. While the Chamber is still opposed to the loss, he said, no immediate way of blocking the action is apparent.

75,000 Population

The Trades Council sent telegrams to Sen. Everett Dirksen, Sen. Paul Douglas and Rep. Melvin Price July 20 urging retention of the office. It was pointed out that Granite City's population has increased more than 10,000 since the office was established here over 10 years ago, and that the office now serves more than 72,000 persons in the Quad-City area. The telegrams were forwarded to Philpott.

Dobey also wrote Price, after the chamber had passed a unanimous resolution stating its opposition to the IRS action on grounds that the population served by the local office has increased by more than a third since its opening here. His letter also was forwarded to Philpott.

Other organizations which have protested the loss include the Associated Retailers and Civic Association, Granite City Real Estate Board and Local 435 of the Retail Store Employees Union.

Pay Raise Agreement For Telephone Workers

A contract signed Thursday by Southwestern Bell Telephone Co. and Communications Workers of America District Six provides for weekly pay increases ranging from \$1.50 to \$3 a week for 46,000 telephone employees, including those in the Quad-City area.

The agreement was negotiated under terms of the first reopening clause on wages and job classifications, of a three-year contract signed in July 1960. The increase amounts to \$1-500,000 a year in the Illinois-Missouri division and \$630,000 in the company's entire area, which includes Kansas, Arkansas, Oklahoma and Texas.

Heat Cause Of Death

A coroner's jury last week returned a verdict of death due to heat prostration in the case of Miss Stima, 1308 Grand avenue, Madison. Mrs. Stima, 62, was stricken at her home Aug. 1 and was pronounced dead upon being taken to St. Elizabeth Hospital. The inquest was conducted by Deputy Coroner John L. Sedlack.

\$20,000 Drumsuit Suit Filed In Portell Death

Five Quad-City taverns and two clubs were named defendants in a \$20,000 liquor liability or drumsuit suit filed last week in connection with the death of Vincent Portell on Aug. 22, 1960.

Mrs. Victoria Portell, widow of Portell and administratrix of the estate, filed the suit last week in the office of the circuit clerk. Circuit Clerk Willard W. Portell is son of Portell, who was found in the Mississippi River, about a mile north of the Chain of Rocks Bridge.

The defendants are listed as Beulah Gates, Gates' tavern; Frank Ruppel, operator of Tip Top tavern; Mildred Muzzarelli, operator of Millie and Mickey's tavern; Maxine Costoff, operator of Straight Tavern; Ernie Cline, Cline's tavern; Granite City Moose Lodge 272; and Clarence E. Anderson Jr., Stallings Athletic club.

In the suit filed by the Granite City law firm of Moran, Beatty and Hiscott, representing the plaintiff, all the defendants are charged with having sold or given liquor to Mr. Portell prior to his death.

The plaintiff seeks damages for loss of support. The couple reportedly was separated at the time of his death. Immediate cause of death was drowning, and he is believed to have been beaten by unknown assailants before entering the river.

Daybreak Optimists Discuss Education

Daybreak Optimists Saturday morning held a panel discussion on education in general and the accreditation of colleges in particular.

President David Larkin was in charge of the meeting, held at the YMCA, with 11 members and two guests in attendance. Optimist International Vice-President Genl H. Sternberg thanked the club for luggage given him.

Arthur Rosen of the Noon Day Optimists asked members to join the Optimist bowling league, which was held this week at the sale of fruitcakes could be used to raise funds.

License Revocations, Suspension Announced

Secretary of State Charles F. Carpenter has announced five local actions by the Drivers License Division of his office.

License revocations were ordered for Eva H. Mortensen, Rural Route One, and Charles E. Weidner, 217 Weber street, Venice, for conviction of driving while intoxicated. A suspension was listed for Gerald G. Stagner, 1200 Hewitt street, Madison, for three traffic violations and probationary permits have been issued to Eli Buford, 101 Allen street, and Darrell E. Thompson of 1316 Logan street, Venice.

3 Divorces Granted In City Court Saturday

Three divorces were granted Saturday morning by Judge Fred P. Schuman in the city court.

Ignace Sternberg, charging cruelty, was granted a divorce from David Sternberg. The plaintiff is to be paid \$275 for attorney's fees by the defendant.

Also charging cruelty, Margaret L. Stefanoff was divorced from Joseph D. Stefanoff. The father was given custody of three minor children. Married June 8, 1946, the couple was separated Jan. 14, 1961.

Anna L. Thorpe received a divorce from William C. Thorpe of Straight Tavern. Ernie Cline, Cline's tavern; Granite City Moose Lodge 272; and Clarence E. Anderson Jr., Stallings Athletic club.

In the suit filed by the Granite City law firm of Moran, Beatty and Hiscott, representing the plaintiff, all the defendants are charged with having sold or given liquor to Mr. Portell prior to his death.

Bomb Scare A Hoax At Downtown Bank

A bomb scare was touched off at the First Granite City National Bank Thursday afternoon when an unidentified woman telephoned the bank's switchboard operator and said a bomb had been planted in a safe deposit box. The bank was closed at the time.

The warning was proved a hoax by three members of the Granite City Engineer Dept's bomb squad - the 50th Ordnance Detachment - who spent about two hours taking soundings with electric stethoscopes in the bank basement, where the bomb was reported.

Charles L. Gavin, vice-president and cashier, said the call was received about 3:30 p. m. by the switchboard operator, Mrs. Angela Converse, 2011 Delmar avenue.

The caller reportedly spoke in a calm voice as she said, "I just wanted to inform you that a bomb was planted in the safe deposit area of your bank." She then hung up, and police and bomb squad men were called.

He said it was the first bomb hoax he knew of at the bank. There were no customers, the bank having closed at 2 p. m.

Mrs. Fisher, 26, Found Dead In Trailer Home

Mrs. Nanette Louise Fisher, 26, was found dead at 9 p. m. Thursday in her trailer home on 2022 "tree" street in Alton. She was lying in bed when found.

Death was attributed to unknown natural causes, and an inquest will be held by Deputy Coroner Henry Pieper to establish cause of death.

She was survived by a neighbor, Mrs. Lorene Leggett, 2022 Missions street, and by two sisters, Mrs. L. C. Fisher, New Orleans, La., who became worried after noting that she had not been seen since Tuesday. They called her mother, learning she was not with her, and then they went to the trailer.

A native of Granite City, Mrs. Fisher had spent part of her life in Iowa and was a local resident eight years.

She is survived by her husband, Paul Fisher, who has been residing in New Orleans, La.; a daughter, Tina Diane Fisher, five years old; her mother, Mrs. John (Gladys) Ropac of Granite City; and two sisters, Mrs. Donna Robert of Granite City and Mrs. Gladys of Washington.

Services were held Saturday afternoon at a Granite City funeral home, with burial at Calvary Cemetery. An obituary notice is given elsewhere in this issue.

John W. Dolby Dies Suddenly At Age 40

John W. Dolby, 40, of 4149 Division street, died Thursday after being stricken by an apparent heart attack at his home at the home of a friend. He had not been under medical care, and had worked until noon that day.

Mrs. Dolby and his wife, Frances, were visiting at the home of Mr. and Mrs. Robert Hartzel, 2801 Fortune drive, when he was stricken. He was rushed by ambulance to St. Elizabeth Hospital, where he was pronounced dead upon arrival.

Mr. Dolby was born in Ypsilanti, Mich. He had lived in Granite City for 18 months, and previously lived in Venice. He had been employed as a chauffeur for the Morris family since 1958, and was a member of Teamsters and Chauffeurs Local 825.

He is survived by his wife. Services were conducted this morning at a Granite City funeral home, with burial in St. John's Cemetery. An obituary notice appears elsewhere in this issue.

Funeral Here Today For Mrs. Geraldine Chao

Funeral services were conducted today at 1 p. m. at the Second Baptist Church for Mrs. Geraldine Chao, who died suddenly in Munich, Germany, July 27 at the age of 31. Interment was in Sunset Hill Cemetery.

Mrs. Chao was born in Granite City and had lived here most of her life before joining her husband, Martin, in Europe two years ago. Mr. Chao is serving with the U. S. Army in Germany.

In addition to her husband, she is survived by two young children, Randy and Pamela; her mother, Mrs. William Hooks of St. Louis; and six brothers and sisters, including William McCoy of Granite City.

Governor Signs 16 Bills, Vetoes 7 Other Measures

In one of his busiest periods since the Illinois legislature ended its regular 1961 session, Gov. Otto Kerner late last week approved 16 bills and vetoed seven others.

He approved a group of bills creating a state department of mental health which will eventually replace the present state welfare department.

A psychiatrist with clinical and administrative experience will head the new department, and his salary will be \$27,000 a year, with a four-year term.

A mental health advisory board with seven members will replace the current board of public welfare commissioners.

Kerner also signed a bill that will give mental health needs persons over 65. A net annual income of under \$1800 for a single person, or \$2400 for a couple, is among the eligibility requirements.

Quality For Federal Aid

The Illinois Public Aid Commission will administer the program and the state now will be able to share half the cost with the federal government. The new bill provides complete medical, hospital and nursing benefits for elderly persons.

Another new law raises the penalty for second convictions of sale of obscene matter to a fine of \$1000 to \$5000 or one to three years in prison, or both.

Maximum penalty of a fine and jail term also was provided for parents or guardians who knowingly permit a child to associate with burglars, narcotic addicts or other persons of ill repute.

The governor vetoed a bill which would have removed restrictions on over-the-counter sales of certain vehicles, saying the measure would cause "panic" in the highway industry, possibly lose federal road aid for the state.

The bill would have ended restrictions on the routes over-length vehicles could travel and dropped the requirement that they be accompanied by flagmen. Other bills approved will:

Give the state a scholarship commission power to give scholarships to college sophomores.

Authorize downstate cities to submit to electors a proposal to schedule a referendum on the issue of the equalized assessed valuation of all taxable property.

Require sheriffs to furnish the state Department of Safety with copies of fingerprints of persons arrested on offense charges.

Permit the superintendent of the Geneva State School for girls to be a man.

Allow persons physically unable to appear for voting registration to register through county deputies.

Count any time served in a waiting transportation as time served on a prison term.

Provide state aid to all school districts and counties maintaining a normal school.

Regulate Lots, Driveways

Authorize cities to regulate the draining and grading of lots and the construction of driveways, terraces and retaining walls.

Increase the permissible school tax levy to 1.35 per cent for 1962 and 1.67 per cent thereafter.

Increase teachers' permissible sick leave from 30 to 60 days.

Appropriate \$20,000 for maintenance and repair of the governor's mansion and grounds and nearby buildings.

Revised the annual salary schedule for township assessors in downstate townships of 5000 to 14,000 population.

SCREENS & STORM INSECTS REPAIRED, GRANITE CITY GLASS, LITE & EDISON.

GC Building Permits At \$12,475 For First Week

Nine building permits were issued during the short first week of August in Granite City, mostly for home repairs. They totaled \$12,475.

Construction approved by Building Inspector Earl Bloomquist and City Clerk A. L. Stevenson included a four-room addition at 2109 Johnson road, costing \$8000. The largest permit of the week, it when to Lloyd Harlow and specifies aluminum or asbestos siding.

A single commercial permit went to De Witt Suburban, Inc. \$800 for a metal illuminated roof sign at 2113 Johnson road.

Authorization for repairs and alterations went to Samuel D. Whitmer, \$500 for general repairs at 2321 State street; Roy Jarrett, \$425 for a porch at 2125 Nevada avenue; and Allen Keller, \$100 for siding at 2442 Center street.

Leslie Laird will raise a dwelling at 2011 Denver street with a \$500 permit and Roy Simmons will make general repairs at 4020 Alton road with a \$100 permit.

Trittich-Segedy Nuptials
At Sacred Heart Church

Sacred Heart Catholic Church was the scene of one of the late summer weddings Saturday morning when Miss Lucille Roseann Segedy, elder daughter of Mr. and Mrs. Steve Segedy sr., 2817 Indiana avenue, was married to Frederick Roy Trittich, 2605 East 23rd street.

Rev. William Ward performed the ceremony before the altar decorated with bouquets of white gladioli and greenery.

Mrs. Margaret Crawshaw presided at the organ and accompanied the soloist, Mrs. Ann Pieper, in a program of wedding music.

Affixed in a floor-length gown of pure white nylon sheer, the bride was given in marriage by her father. The dress was designed with a scoop neckline edged with Swiss lace, a fitted bodice and short shirred sleeves. The voluminous skirt was trimmed with bands of lace and a fingertip veil of silk illusion was held in place with a pearl crown. The bride wore short white gloves and carried a cascade of gardenias.

Miss Virginia Judd, maid of honor, and Miss Nancy Lee Segedy, a sister of the bride, were dressed alike in frocks of yellow imported Swiss organdy. Ballerina-length, they had scoop necklines, short sleeves and bell-shaped skirts with inserts of embroidery. Yellow velvet bows adorned the skirts at the waist lines and yellow picture hats trimmed with yellow roses completed their costumes. Both held bouquets of yellow roses and daisies.

A junior maid, Paula Lynn Mathis, wore a yellow organdy dress with a square neck and an embroidered skirt, tied in the back with a large bow to match. Her bouquet was a smaller copy of those carried by the older attendants.

John Trittich was best man for his brother, and Donald Stanton and Thomas Trittich, the latter a cousin of the bridegroom, were groomsmen and junior groomsmen. Steve Segedy jr. and Edward Trittich, brothers of the bride and groom, served as ushers.

For her daughter's wedding, Mrs. Segedy selected a powder blue eyelet sheath dress with matching accessories, while Mrs. Trittich, the bridegroom's mother, wore a rust-colored embroidered cotton sheath dress and belted accessories. Both had white carnation corsages.

A reception was held in the evening at the VFW hall.

Both young people are 1957 graduates of the Granite City high school. The bride is a stenographer in the sales department of the General Steel Industries Inc., a member of Epsilon Eta Chapter of Epsilon Sigma Alpha sorority. Mr. Trittich is employed by the Chrysler Plastics Mfg. Co. in Madison.

Women Voters' League To Organize Aug. 14

Luncheon For St. John Church Afternoon Guild

A covered dish luncheon at noon at the fellowship hall preceded the August meeting of the Afternoon Guild of St. John United Church of Christ on Nameoki road Thursday afternoon. Fifty-two members were present.

The luncheon tables were appointed with small flowers in miniature vases arranged by Mrs. Alice Kalert and Mrs. Mildred Henry, and Rev. Roy Griebel, assistant pastor, offered the opening prayer.

Mrs. Alycia Seipel, president, was in charge and the Spiritual Life program consisted of a quiet meditation on "The Parable of the Kingdom of Heaven," led by Mrs. Ellen Ehler. The Scripture lesson was read by Mrs. Marie Widdows.

Rev. Paul Surbey gave the sick report and offered prayer for the shut-ins, and Mrs. Kathryn Ryan read the report of the birth days for July and August. The hymn, "What A Friend We Have in Jesus," was dedicated to the group.

Mrs. Ruth Brave announced a workshop in Troy Oct. 25, and Rev. Paul Surbey, pastor, gave a brief report of the recent four-day meeting of the Synod of the United Church of Christ.

The meeting closed with the group repeating the Lord's Prayer in unison.

WILCOX-EADS WEDDING IS ANNOUNCED

Announcements have been received of the recent wedding in Burlington, Ia., of Mrs. Evelyn Eads, Burlington, and Robert Wilcox, a son of Harry Wilcox Sr. of Venice.

The ceremony took place July 22 at St. Patrick's Catholic Church, and attendees for the couple were Mrs. Max Bohlen, a sister of the bride, and George Clark of Granite City, the bridegroom's brother-in-law.

The newlyweds have returned from a honeymoon in the Ozarks and are residing in Hazelwood, Mo. The bridegroom is Social Security representative in Clayton, Mo.

Mrs. Harold Ellis

Prior to her marriage Saturday at St. John United Church of Christ on Nameoki road, she was Myra Willaredt, daughter of Chief of Police and Mrs. Raymond Willaredt, 2509 Lynch avenue.

Miss Myra L. Willaredt And Harold J. Ellis Are Wed

One of the largest of the early August weddings was that Saturday evening at St. John United Church of Christ on Nameoki road when Miss Myra L. Willaredt, a daughter of Police Chief Raymond Willaredt, and Mrs. Willaredt, 2509 Lynch avenue, became the bride of Harold J. Ellis, who has been making his home with his brother-in-law and sister, Mr. and Mrs. Harold Spengler, 1717 Pontoon road.

Rev. Paul Surbey heard the vows of the couple, and a reception in the church fellowship hall followed the ceremony.

Candles illuminated the aisle through which the procession passed, the bride escorted by her father, and bouquets of white gladiolus decorated the altar for the 8 o'clock service.

Mrs. Isabel Schmidt, organist, played the wedding march and recessional and accompanied the soloist, Miss Gloria Luchman, as she sang the Lord's Prayer and "Ich Liebe Dich" by Grieg.

Preceding the former Miss Willaredt and her father down the white-carpeted aisle was a maid of honor, Miss Joy Pedersen, and four bridesmaids, Miss Sandra Butler, Miss Ann Huber, Mrs. Linda Spengler, the bridegroom's niece, and Miss Elaine

Miss Borders, Bryce Boston Are Married In Belleville

The wedding of Miss Barbara Ann Borders, a daughter of Mr. and Mrs. John Borders, Rural Route Three, Belleville, and Bryce Dale Boston, son of Mr. and Mrs. Bernard Boston, 2017 Lakeview drive, took place yesterday afternoon at First Presbyterian Church in Belleville.

The Rev. Fred Cornell performed the double ring ceremony at 2 o'clock.

White gladiolus and carnations decorated the altar and white satin ribbon bows marked the family pews.

A program of wedding music was furnished by soloists, Miss Betty Atchison, a sorority sister, and the bride's father.

Mr. Borders gave his daughter in marriage. She wore a gown of silk organza over taffeta. It was styled with a floor-length skirt which ended in a chapel train. Insets of lace trimmed the gown, which featured a scoop neckline and short sleeves. A sash encircled the waist and a cabbage rose enhanced the back of the skirt at the waist line.

An Egyptian headdress of teardrop pearls held in place the bride's fingertip veil. She wore a crown of white orchids and dandelion lilies on a background of a glassed dragonfly leaves with streamers of white satin ribbon mounted on a Bible.

Miss Jane Borders, a sister of the bride, was maid of honor, serving with another sister, Miss Rosalie Borders.

Mrs. Alice Williams, the bridegroom's sister, and Miss Betty Bachofen of Oak Lawn, Ill., a sorority sister, bridesmaids. They wore mint green broadcloth gowns with bell skirts and low square necklines. Bows

trimmed the back of the gowns in a matching shade of green.

The attendants held white garden baskets filled with white carnations and white daisies, with white satin bows cascading beneath the baskets.

For her daughter's wedding, Mrs. Borders chose a beige linen sheath dress with trimming of burnt orange, a green ashburn orange accessories and an avoid corsage. Mrs. Boston, the bridegroom's mother, was in a powder blue sheer cotton dress with a white orchid pinned at her shoulder.

Mr. Boston's attendants were Gene Aubrey of Springfield, Ill., best man, and Ron Sherman of Granite City, Norman Bristow, Tom Hays, Robert Hanauer and Donald Sutphin, all of Girard, groomsmen and ushers.

A garden reception was held at the home of the bride directly after the service with the guests seated at tables arranged beneath umbrellas and a green and white canopy.

The newlyweds left later for a honeymoon at Lake Geneva, Wis. When they return they will reside in St. Louis.

The bride received her early education in the Belleville schools and graduated in June from Millikin University with a bachelor degree. She is a member of Delta Delta Delta society.

Mr. Boston was graduated from Granite City high school in 1956 and received his bachelor degree from Millikin in 1960. His fraternity is Tau Kappa Epsilon. He holds the position of basketball coach and history teacher at the Girard high school. His bride will teach in the elementary school there.

Mrs. Martha Bond Observes 100th Birthday

Mrs. Martha Bond, a former Granite City woman who has been a patient at the Elm Street Nursing Home in Alton for the past four years, celebrated her 100th birthday Sunday, and in honor of the event a party was given by the nursing home.

Mrs. Bond was born in Litchfield but resided in Granite City for 50 years before entering the home.

She is the mother of 10 children, only one of whom, Mrs. Beattie Berry of Granite City, survives. She was present with her family.

Wards Honored On Anniversary

Mr. and Mrs. James P. Ward, 1519 Pontoon road, were guests of honor over the weekend at two parties to celebrate their wedding anniversary.

The first, arranged by friends and relatives, took place Thursday evening at the Rose Bowl, where dinner was served to 24.

Last night, another party was held at the Ward home. It was given by Sarah Jane McEvers, 904 Daughters of Union Veterans of the Civil War, with Mrs. Marie Boyd and Mrs. Zoe Cook serving on the arrangement committee. Twenty were present.

Refreshments were served and prizes in the games were won by Mrs. Cook, Mrs. Minnie Rowley, Mrs. Charlotte Robbers, Mrs. G. Pendleton, Mrs. Ruby Meyers, Mrs. Louise Schleiff and Mrs. Judith Meyer.

Both events were arranged as surprises, and gifts of silver were presented to the couple.

SOCIETY

Miss Helen Smith And Martin W. Strubberg Wed

Miss Helen Smith, a daughter of Mr. and Mrs. Anthony B. Smith, 3 Briarcliff, became the bride of Martin W. Strubberg, son of Mr. and Mrs. Victor Strubberg of St. Louis, Saturday morning at Suburban Baptist Church. Rev. Keith Stanford officiated at the 11 o'clock service.

The bride was given in marriage by her father. She wore a floor-length gown of white lace over satin. The bodice had long sleeves and a bateau neckline and the skirt ended in a brief train. A short veil was held in place with a pearl crown and the bride carried a bouquet of red roses. The wedding march was played by Mrs. Shirley Schwendemann.

The attendants were Miss Carol Smith, maid of honor, and Miss Norma Smith, bridesmaid, both sisters of the bride; Larry Murphy, best man, and Robert McKinley, groomsmen.

The bridesmaids were dressed in yellow chiffon with veiling in their hair and both held red roses.

A reception was held in the evening in the home of Mr. and Mrs. Charles Murphy, 1332 Edgewood road.

The newlyweds will reside at 2031 Cleveland blvd. Mr. Strubberg is employed by the Union Star & Refining Co.

Hamlett-McDonald Nuptials Here Friday Evening

Miss Sue McDonald, a daughter of Mr. and Mrs. Eldon McDonald of Tampa, Fla., formerly of this city, and Jerry Hamlett, a son of Mr. and Mrs. Jack Hamlett, 2215 Missouri avenue, were married Friday evening at the home of Mr. and Mrs. Udel Bischoff, 3111 East 23rd street, where the bride has been residing recently.

Police Magistrate Andrew Gasparovic Jr. performed the ceremony at 8 o'clock and the guests remained for a reception at the home.

Attendants were Miss Joyce Thomas of Tampa, bridesmaid; Michael Day, groomsmen, and Peggy Bischoff, flower girl. The bride wore a white satin brocade street-length dress, a short veil and carried a white orchid on a Biko. Miss Thomas was in pertinkle blue silk with a small blue hat. She wore a white orchid. The little flower girl was in light blue organza with a basket of white flowers. After a wedding trip, the newlyweds will live at 2213 Missouri avenue.

Mr. Hamlett, who is employed by the Ralston Purina Co. in St. Louis, is attending Southern Illinois University residence center in East St. Louis. His bride attended the Granite City high school and after moving to Florida graduated from the Academy of the Holy Name. She later attended the University of Florida in Tampa.

Cessna-Hines Wedding Takes Place Saturday In St. Louis

In a morning ceremony taking place Saturday at Our Lady of Mount Carmel Catholic Church, 3747 Annetta avenue, St. Louis, Miss Mary Kathryn Hines, a daughter of Dr. and Mrs. Arthur Hines, 10095 Bellefontaine road, St. Louis, was married to Charles W. Cessna, son of Mr. and Mrs. Clyde Cessna, 2228 Bryan avenue.

The bride wore a gown of white silk bombazine and imported Chantilly lace. The fitted bodice featured a sabrina neckline and short cap sleeves enhanced by sequins and pearls. The aisle-wide skirt had jeweled appliques throughout and a poisonous drape accented with bridal roses falling to chapel length. The bride's veil was shoulder-length and she carried a bouquet of stephanotis, white orchids and white roses arranged in a cascade.

Mrs. Opal Wallace, a sister of the bridegroom, matron of honor, wore a dress of peacock blue silk organza. It was styled with a fitted bodice, a round neckline and cap sleeves. The full, ballerina-length skirt was enhanced in the back with tiers of organza ruffles. A matching picture hat completed her costume and she carried a crescent of daisies.

The bridesmaids, Miss Kathleen Hines, a sister of the bride,

and Miss Sharon Ann Wallace, the bridegroom's niece, were dressed alike in shimmering silk organza with tight bodices, short sleeves and full skirts, ballerina-length. They were draped and accented with roses and large hair were in a matching shade. Their bouquets were made up of daisies and ivy.

The bride's mother selected an aquamarine linen and lace sheath over taffeta with an aqua cummerbund and matching accessories. Mrs. Cessna, the bridegroom's mother, was in pink lace and chiffon and white accessories. Both wore white orchids.

Mr. Cessna's attendants were Arthur Hines Jr. and Joseph Hines, brothers of the bride, Michael Czajkowski and Robert Bradley.

The wedding breakfast for the bridal party and the families was held at the Hines' home on Bellefontaine road and fifteen of the couple attended a reception there from four until eight o'clock.

The newlyweds will spend their honeymoon in the Dakotas and when they return will reside in St. Louis county. Mr. Cessna teaches at Lee Hamilton school in Ferguson, Mo., and his bride is a member of the faculty of the Halle Ferry school.

MRS. MARY ANDRIA, 1747 Olive street, who is listed in the latest edition of Who's Who of American Women.

Mrs. Andria In Who's Who Of U.S. Women

Mrs. Andria is a member of the Bulgarian Orthodox Church, 13th street and Grand avenue, in the choir there, is president of St. Simeon, takes an active part in the patriotic organization, Basha Kri, and served as a delegate to the Mothers' Conference held last May in Fort Wayne, Ind.

She holds membership in the Lincoln Place Mothers' Club, which takes an active interest in the welfare of the younger generation and activities of the Community House. She is the mother of three sons: Clement and Samuel, both of Granite City, and Rodney Andria of East St. Louis, and has six grandchildren.

Elder-Chilbec Wedding Held At St. Mary's

The wedding of Miss Nancy Chilbec and George Elder took place Saturday morning at St. Mary's Catholic Church in Madison. The ceremony was performed at eleven o'clock with Fr. Engelbert Biemek officiating.

The bride is a daughter of Mr. and Mrs. Edward Chilbec, 908 Alton avenue, Madison.

Given in marriage by her father, the bride chose a white lace dress trimmed in satin, with a round neckline, cap sleeves, fitted bodice and bouffant street-length skirt. Her shoulder-length veil was held in place by a lace band covered with pearls and sequins. She carried a colonial bouquet of white carnations.

The maid of honor, Miss Marlene Chilbec, sister of the bride, wore a melon-colored dress of chiffon over taffeta. It had a rounded neckline, a fitted bodice and a bouffant street-length skirt. A white headpiece was worn, and she carried a colonial bouquet of light pink carnations.

The best man was Clarence DeGonia, cousin of the bride. James Padovano seated the guests.

Mrs. Chilbec, the bride's mother, wore a white sheath dress trimmed in blue. Accessories complemented the dress were of white. A corsage of white carnations was worn by Mrs. Chilbec.

A small reception was held at the Polish hall immediately after the wedding ceremony, with approximately 50 guests present.

The bride and groom departed for a honeymoon trip. Upon their return, they will reside in Wichita, Kan., home of the groom.

The bride is a graduate of Madison high school and attended the Southern Illinois University center in East St. Louis. The groom graduated from Wichita schools.

Church Role In Vocations Topic At Guild Meeting

"The Witness of the Mission of the Church Through My Vocation" was the theme of a regular monthly meeting of the Afternoon Guild of St. Peter United Church of Christ, 21st street and Cleveland blvd., Thursday.

The Christian Service department, Mrs. Udra Barke, chairman, was in charge of the program, assisted by Mrs. Esther Baumberger, Mrs. Lucille Carr, Mrs. Margaret Branding and Mrs. Caroline Moser with Mrs. Florence Haddler at the piano.

Mrs. Baumberger announced plans for resuming the semi-monthly work of making cancer bandages in September. The group will also serve luncheon to the Daughters of Union Veterans of the Civil War at a meeting Sept. 21 in the fellowship hall, and will hold a rummage sale Oct. 20 at the IOOF hall.

Mrs. Robert Baumann reported on the Women's Summer Conference which she attended at Elmhurst College in June, and the need for closer ties with the Guild prayer and benediction.

Refreshments were served by the birthday members to approximately 30 ladies.

Handy Horses, 'Plugs' Are Among Entries In GC Rotary Horse Show

Horses in the Old West used to be handy as a means of transportation or completing the task of rounding up strayed "plug-gies." They still are used for lots of rugged open range work and in some areas they still are handy as transportation.

The Rotary Horse Show Aug. 26 at Tri-City Speedway will have an event called "Handy Horse." It is for the horse that is handy on its four feet in running through a series of flags in a minimum amount of time.

This event is open to any horse and rider wishing to compete. Six wands are set in a straight line at right angles to the starting line. Two additional wands are set at a 45-degree angle to the right from the last wand.

The horse and rider start up on signal and weave in and out among the first six wands, entering on the right side of each wand. They then make two figure eights around the last two wands and return weaving back through the first six wands.

The riders must not hold the horn on the saddle but "plug" keep their hands clear. Any wands knocked down will count a two-second penalty. A wand is considered as knocked down if it is held up by a contestant as it is about to fall.

No slowing Allowed

The horse must be kept at a center at all times or be disqualified.

This event tries the agility of horse and rider. A slight slip, a poor turn or a slight bump of wands could be the difference between success or failure, sponsors of the show explain.

Horseman plays a key part in such an event. A fine horse ridden poorly could fail to place.

Last year's winner in the Handy Horse event was "Christmon," ridden by Charles Weller of Jerseyville, a close second was "Smokely," ridden by Gerry Gannon of DeSoto, Mo., third was Dick Short of Jerseyville on "Desert Sun," taking fourth on "Barley" was Art Langenheime of St. Louis.

The "plug race" to be held at the Rotary Horse Show is not one for what is often thought of as an old, worn-out work horse or "plug." It takes an agile rider, an exceptionally speedy horse and some old fashioned "gun-tion" on the part of the horse and rider for victory.

Circle Wands

Any horse and rider may enter. It is a timed event, and is dependent upon the time it takes to start at the starting line, race to one end of the

Madison Takes Lead In Church Softball

Madison Baptist romped into sole possession of first place in the Church Softball Pitch League at the Wilson Park softball diamond Friday night, downing Bethel Community 15-0 behind the two-hit pitching of Frank Hayes.

The two teams had been tied for the league lead with identical 6-2 records.

Opening with four runs in the first inning, Madison added one in the third, three each in the fourth and fifth frames and four in the seventh stanza. The 18-hit attack was led by Bob Simmons, who homered.

Floyd Burlingame hurled for Bethel, but he was out of the game for the winners and Bib Blaxter for the losers.

In a companion contest, Community Heights recorded its fifth win in nine starts — moving to within a game of Bethel in the standings — by defeating Good Shepherds 4-1.

Gene Warfield pitched and Richard Wilson secured the win for the winners, while Bud Layton occupied the mound for Good Shepherds, with Ray Duke behind the plate.

Moose Add

To Lead With

10-0 Victory

Moose Lodge 272 increased its Wilson Park Class B League softball lead to two full games Saturday night, by winning Modern Extremators, 10-0 on a six-inning effort by pitcher Foster.

The Extremators had aided the Moose cause on Thursday night when they upset second place Spangler Insurance, 2-0. In other action Thursday, the Granite City softball team, 10-3. Yet Club Delmar countered with two victories by defeating Good Shepherds 4-1 and the Knights of Columbus and Blaxter failed to field a team.

Ren Pointer homered to pace the Moose offensive, which added two tallies in the first inning, two in the fourth, and the fifth and sixth in the sixth.

Joe Harrison pitched and George Grimm caught for Modern Extremators, while Bud Layton occupied the mound for Good Shepherds, with Ray Duke behind the plate.

COOL SANTA hands a present to Clifford Edgington, 4113 Alton road, at an out-of-season Christmas party Thursday at Nameoki school. Bermuda shorts and an unadorned costume are sported by Santa, played by Johnny Linc, 1600 Ames avenue, one of the youngsters in the Granite City park district summer recreation program, which ended Thursday. Instructor Sheila Graham is at extreme right and a plywood Santa looks on at left.

Santa Pays Visit — 5 Months Ahead Of Time — To Nameoki Playground

A summertime Santa Claus, wearing Bermuda shorts and a unadorned costume, was the star attraction Thursday afternoon at 40 youngsters enrolled in the Granite City park district summer recreation program who assembled at Nameoki school, 1620 Pontoon road, for an early Christmas party.

Speculation at first was that the bearded fellow had mislaid his calendar or had embarked on a "Punk Oris" campaign, but the Christmas rush, but such was not the case.

The out-of-season party was to make us think of cool-ings in hot weather," explained Miss Sheila Graham, recreation instructor at the playground.

She thought of the party after recalling the fun a similar event in high school. She and Miss Sheila Graham, another instructor, are the junior leaders decorated the school room where the party was held.

The day before, names were drawn and presents were purchased and wrapped in holiday paper, for distribution by Santa Claus, played by one of the youngsters.

Decorations included a silver tree, green and red crepe paper and plywood figures of dancing reindeer and snowmen. Christmas records were played, and carols were sung before the gift-giving, and each youngster brought a decoration to the tree.

Gifts of candy kisses and peppermint sticks were handed out by Santa Claus in addition to the presents.

But behind the festivity was a feeling of sadness—for the park program was over for the summer after this meeting and the youngsters would scatter to the four winds—until school starts next fall.

"See you next year," exclaimed the director as they streamed into the sun.

750 Watch Park Variety Show At Close of Recreation Program

A crowd estimated at 750 persons attended the annual picnic and variety show that closed this year's Granite City summer recreation program at Wilson Park Thursday night.

40 Attend Ladies' Golf Association Meet

Mrs. Mildred Zupan and Mrs. Paul Edmonds of Granite City, were hostesses at a weekly meeting of the Ladies Golf Association at Sunset Hills Country Club Thursday.

The event was "low gross minus three blind holes." And the championship winner was Mrs. Blanche Oll of Edwardsville. Other winners were: A. Flight, Mrs. Pat Weber, Edwardsville; B. Flight, Mrs. Marie Strick, Granite City; C. Flight, Mrs. Myrtle Leamy, Wood River; and low net, Mrs. Rose Edmonds and Mrs. Aylene Felt, both of Edwardsville.

Approximately 40 members attended the event.

Bowland Wins Tavern Title With 19-3 Win Sunday

Bowland posted its 14th win in a row without defeat yesterday at the expense of the Home of the Blues, 19-3, in Tavern League play. The win, along with Sportsman's Club's loss to Polish Hall, gave the leggers the undisputed league title.

Sonny Milonisi was the winning pitcher for the league champions and Paul Kutera was the loser. Ray Hill did the pitching and Ray Decker caught for Home of the Blues.

A double by winning pitcher Stan Serwatka in the last of the sixth provided the winning run for Polish Hall over Sportsman's 7-6. John Modrusie had 3-for-4 and Walter Tutka did the receiving. Joe Vilianno homered and had 3-for-3 for the losers.

Gene McMurtry was tagged with the loss and Rich Briggs was behind the plate.

July Mill won on forfeit from Tully.

Cotton's defeated Club Delmar 5-2 behind the hitting of Johnny Webster. Bill Page had two homers for Cotton's and Bud Grimes did the catching.

Len Fuchs was the losing pitcher and Bo Smith did the receiving.

Jug's Hidesaway edged Millie & Mike's 9-7, aided by the hitting of Bill Dink, who went 2-for-3 and rounded out a homer.

Oven Harrison was the winning pitcher and Harold Slatkoff was the losing pitcher.

Frank Orris caught for Millie & Mike's and Paul Hollis for Jug's.

Belleville Wins Over Kelly's On Wildness, 7-4

Kelly's Girls had beaten Belleville four straight in Girls' Twilight League softball action this season prior to Thursday night's contest at Lee Park. The latest win by P. E. "Pop" Meyer's team had been last Monday in Belleville, 13-8, but Thursday night and the fifth meeting between the two clubs was a different story. Belleville defeated Kelly's, 7-4.

Some Venice fans were in doct as the home team beat their girls' team or the team beat itself. Outbitting Belleville 9-4, Kelly's was hit by numerous walks, passed balls and wild pitches and two errors.

Sandy Kloss, who had shadd seven runs before retiring in the fifth frame, when the last two scores.

"Pop" Meyer called in Joan Masengr to relieve with the bases loaded and nobody stepped up. She got the first batter she faced on a slow roller to the card bases and nobody stepped up. And she struck out of the third hitter, pitching out of the jam without allowing a run to score.

Kelly's scored its four runs on solid base hits but could have scored more if it had not been for base running trouble.

Meyer's team will travel to Maryville for a single game.

Trophies Awarded

Forty-two trophies were presented to youngsters who throughout the summer won the most awards at their home play-outs.

The school with the largest attendance was Wilson, with 2409 and a registration list containing 381 names. Other schools included Marshall, 1906; Nameoki, 1715; McKinley, 1413; Logan, 991; Niedringhaus, 924; and Lincoln Place, 770.

According to information gathered by the park district, the most popular activities this year were swimming, movies and handicraft. Under handicraft, the youngsters preferred basket-making, wall plaques and toy holders.

The program will be repeated next year.

Paddlers Swim Club Scores 180-145 Win Over Collinsville's T&C Team

Paddlers Swim Club of Granite City scored a 180-145 win over the Town and Country Swimming Club of Collinsville Friday morning at the Paddlers pool, 2121 Johnson road.

Trailing by 18 points prior to the relay and diving competition, the local club captured seven of eight relays and scored 23 out of a possible 35 points in diving to topple the favored Collinsville swimmers.

In the individual events, it was the Paddlers' depth that kept them close to their opponents, as numerous seconds and thirds made up for Town and Country fans. Collinsville grabbed 18 out of the 29 individual swimming firsts and swept all the breast stroke firsts.

Local Winners

Granite City firsts, relay and diving results were:

8-year-old girls 25-meter freestyle — Mary Ellen Dunn, 22.8

9-year-old boys 25-meter freestyle — Phil Lancaster, 35.7

12 & 13-year-old girls 50-meter freestyle — Pat Parker, 40.8

Spengler Insurance, in a double effort, eked a 2-1 win over Vandalla Saturday night in the double elimination Class A sectional tournament at Joyce Field in Wood River. In tournament action, Spengler's Granite City's Park District team belted a 4-0 firstinning lead in Thursday night's contest with Jackson's Palatka's of Alton and lost, 8-7.

By winning, Spengler, which had lost 8-7 to Jackson's in the first game of the tournament, advanced to the second round of the losers' bracket against the Belleville Frodoes, which had lost 4-3 to Evans Mank pitched and Rudy Diak caught against Vandalla. The insurance men scored their runs in the fifth inning when Don Crabtree singled, Bill Crabtree tripled and Jesse Ybarra strided in the second and deciding run. Vandalla scored its run in the top of the seventh.

Thursday night's loss was Granite City's first in the tournament in the tonight at 8-43. If Granite City's loss to the Alton Chiefs is the last Wednesday.

If Granite City's loss to the Alton Chiefs is the last Wednesday, Spengler and Belleville, the two local teams would meet Thursday night in the loser of the game would be eliminated from tournament play while the winners would be assured of a state tournament berth.

8-7 Game Thursday

Jackson's Palatka's maintained their mastery over the local park district team as they posted their fourth win in five outings against Granite City Thursday night. Jackson's dropped Granite City 7-5, 4-3, 2-1 and now another one-run decision—8-7. The Palatka's only loss to Granite City was by one run, 5-4.

The "Jackson Jinx" caught up with the park district team in the third inning when the Palatka's came from behind to score five runs and grab a 6-5 advantage. Granite City opened the game with a four-run first and added another tally in the second inning.

In the first, Ron Dillard walked, Art Borchert scored on Jim Baina's double and right and Baine took third when the durlifier bobbled the ball. Conrad "Babe" Champion drove in Baina with a single, Jack Scarborough followed with a single and both he and Champion scored on Harold Portell's single.

Granite City picked up its other run in the second frame when Dillard led off with a single and scored as Borchert hit through the third baseman's legs. Borchert was second, while Portell was stranded.

In the third, Jackson sent nine men to the plate. The first crew had scored once in the second on a costly error by Borchert.

At third base, Jackson needed four hits, a walk and an error to account for the five-run third, and tallied twice in the fourth frame on just two singles and another Granite City error.

In the fifth stage in the game, 4-5, the park district squad went scoreless till the sixth inning, when Baine led off and took a third called strike. Champion tripled, Scarborough singled to center and covered all the bases when the centerfielder let the ball roll all the way to the infield. Thus, the score was 8-7 with only one out.

Granite's pitcher, Bob Garner, had an outstanding effort for a Springfield team at last year's state tournament, got Portell to pop to the third baseman, and Jake Hinterer was out to third to first.

Norma Grote was the losing pitcher and was relieved in the third by Leo Sis, Champion tripled and scored in the fourth and singled and tripled and was the only player on the squad to get two hits.

Entitled? Surprised? Excellent! Now, wouldn't you? State Farm has added new benefits for its carholders, Illinois policyholders. State Farm policyholders are entitled because these new benefits are in effect right now. They only mildly surprised, however, State Farm has added new benefits before without increasing rates. But, they're really excited, and you will be, too, about the benefits added to State Farm's coverage. Two new Safeguards against Cancellation and Surcharge give written protection against cancellation due to accident plus the assurance that State Farm's low rates will stay low (no surcharges as a penalty for accidents or traffic violations). And, there are five more additional benefits. Call me today or stop in for more information.

Girl's Cuts Require 20 Stitches; Others Aided

Francine Claywell, nine, daughter of Mr. and Mrs. Harry J. Claywell, 2707 Madison avenue, required 20 stitches to close cuts on both forearms after falling through a glass storm door at her home at 12:30 p.m. Friday.

Mrs. Claywell said the girl was playing at the door when she fell, cutting long gashes on each arm. She was rushed to St. Elizabeth Hospital for emergency treatment. Attendants reported the cuts just missed major arteries.

Others receiving emergency treatment at the hospital Friday included Ralph Henry, 14, of 2736 Grand avenue, who had x-rays taken after a fall at his home, and Janice Jackson, three, 2434 Delmar avenue, who was treated for bruises and scrapes after her left leg became caught in a wheel of her bicycle.

A Collinville boy, David LaBrie, 10, was treated at 10 a.m. Friday after cutting his left foot on glass. No stitches were required.

Circuit Clerk Saving Taxes By Investing Idle Funds

County Auditor Kravak has long contended that Madison county loses thousands of dollars annually due to county offices' excess fees and other funds lying dormant. His recommendation for investment of earnings is given added significance by a report of earnings in the circuit clerk's office, and we hope other offices follow this example.

Interest of \$750, earned between Jan. 1 and June 30 of this year, came to light as the circuit clerk's 1961-62 budget request was being presented to the county board's finance committee last week. Clerk Postell said \$80,000 in escrow and excess fees was placed in a number of banks for varying intervals of time as it became available. Enough was retained to meet normal needs of the office.

It is fundamental that each dollar earned at interest cancels the need for a dollar of tax money — a most persuasive argument for putting idle county funds to work.

Surgeon-General Calls Lack Of Fluoridation A Tragedy

Of particular interest in Granite City, where voters have approved water fluoridation but the city council has reversed them, are comments by the new U. S. surgeon-general, Dr. Luther Terry, who calls the lack of fluoridation "nothing short of a tragedy."

Urging more widespread adoption of fluoridation to prevent 60% of tooth decay, the government's top medical official says opponents "before the issues and harass those who want its protection for their communities," adding, "every scientific study made by the Public Health Service and other responsible institutions has reaffirmed the efficacy and safety of fluoridation." Noting that only six of 35 communities voting on it in 1960 gave approval, he calls for national, state and local leaders to "return to the attack this year, countering unfounded allegations with facts."

Dr. Terry also cites improvements in equipment that make it easier and less expensive to fluoridate water systems. These improvements, together with accelerated efforts by government agencies and professional groups, may tip the scales toward approval by Granite City aldermen. We hope so, for the logic of the proposal is overwhelming, and Granite City residents continue to suffer needless pain and cost. Meanwhile, Madison and Venice, whose city administrations long ago approved fluoridation for their citizens, are marking time, waiting for Granite City to catch up.

Facts First Requirement For Forming Of Opinion

In their function of stimulating and crystallizing public opinion, newspapers praise, criticize and often discuss controversial issues. An all-important first step in this process is accuracy of information, for nothing can be accomplished unless a discussion is geared to facts.

Just as truth is the vital ingredient that makes press freedom possible and workable, readers also have an obligation when forming and expressing views on community and world affairs: no opinion can be sound unless the points on which it is based are correct. We wonder how many disputes would not arise if the involved parties first agreed on the facts.

Ministers, Public Protesting Longer County Tavern Hours

Two developments since the county board's extension of tavern hours raise the question of whether the board should reconsider its surprise July action. The local ministerial association has attacked the "haste and secrecy," saying many would have been present to voice protests if the issue had been on the board meeting's agenda.

And a random poll has shown that some board members have changed their mind and would change their vote if given the chance.

One who would alter his vote has received many protests; he comments, "We didn't have time to think about it, and only the tavern owners were represented at the meeting." Another who would now vote "No" says he was convinced initially by the prospect of more sales tax revenue. Others say they do not approve of the secrecy, that the revenue increase will be slight unless license fees are raised, and that the county should seek tavern hour uniformity with its cities, rather than working against uniformity.

Since widespread difference of opinion has developed over the procedure followed and the decision reached, it would seem in order for the board to take a second look at its vote authorizing taverns in unincorporated areas to operate most of the night.

Savings Bond Program, Boon To Nation And Buyers, in 20th Year

In the uneasy days before Pearl Harbor, the Minute Man of Concord, symbol of U. S. determination to defend its freedom, emerged as the emblem of the newborn savings bond program. This year, on their 20th anniversary, government bonds still are playing a large role in promoting economic stability, fostering thrift and aiding the preservation of peace and democracy.

A related dividend is that the public has an opportunity to save safely for such long-range objectives as home ownership, education and retirement. At 3.75% interest, Series E and H bonds are a sound investment for both individuals and small investor groups, and they encourage regular savings—vital to the free enterprise system and its dependence on personal and corporate capital.

With about five billion dollars worth of savings bonds sold each year and a record \$43 billion currently outstanding, 15% of the national debt is shared by tens of millions of people. In addition to the steadiness of such holdings, this spreads the public debt among genuine savers as well as relying on commercial monetary systems for debt ownership. It provides a vast reservoir of future spending power, distributed among all communities and all population levels, and affords a means of extending or exchanging holdings to defer paying income taxes on accumulated interest until years of retirement or lower total income. Bonds also are attractive due to their indestructibility—duplicates are obtainable for lost, stolen or destroyed bonds.

For patriotic and personal reasons, United States bonds remain a wise choice for investors. School savings stamps, payroll deductions and direct purchases at banks and many savings and loan associations make the program convenient to all.

The present generation, we are happy to report, is likely to be an improvement over their predecessors.

Youth Revival Begins At First Baptist Church

Rev. David Justwig, 24, pastor of First Baptist Church in Bellevue, Mo., is leading a youth revival at First Baptist Church, 21st street and Delmar avenue, assisted by Ruby Jones of Mississippi, Helen Smith of North Carolina and Beverly Hargrave of East St. Louis.

The services began yesterday and will continue nightly at 7:30 through Aug. 13.

Rev. Justwig was reared in a Salvation Army home. His parents are Lt. Col. Justwig, divisional commander of Central Illinois, and Mrs. Justwig. He attended Asbury College in Wilmore, Ky., and Harris Teachers College in St. Louis.

He was licensed to preach by the Lafayette Baptist Church in St. Louis in 1958 and became a minister of music at Southside Baptist Church. He also has served as enrollment director for the Christian Civic Foundation of Missouri.

Members of the youth committee of First Baptist Church supporting the revival are Lois Bain, Jody Hiles, Beverly Dennis, Raymond Voorhees, Mike Fry, David Cook, Nancee Parks and Jackie Douglas.

Funeral Here Saturday For Arthur W. Nichols

Funeral services were conducted Saturday afternoon at Niederrhein Methodist Church for Arthur W. Nichols, 63, of 2927 Circle drive, who passed away Aug. 2 in Lafayette, Ind. Burial took place at Sunset Hill Cemetery.

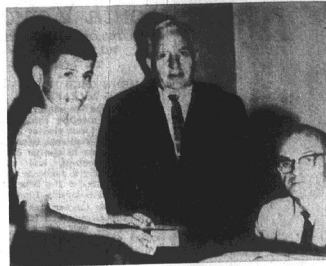

Stricken July 15 while attending a Methodist Men's conference there, Mr. Nichols is survived by his wife, Vera; two sons, Arthur and Alvin, Florissant; Mr. three daughters, Mrs. Wanda Ellis and Mrs. Arlene Smith, both of Granite City, and Mrs. Arthur (Marilyn) Hehle of Madison; three brothers, Harold of California and Roy and George Leslie Nichols, both of Iowa; a sister, Mrs. Hazel Laidley, Roffe, Ia.; and nine grandchildren. An obituary notice is given elsewhere in this issue.

Parking Charge

Thomas G. Davis, 20, of 2030 Russell street, was charged by police with parking across a sidewalk at 2527 N. Main drive at 2:15 p.m. Thursday. He posted his driver's license as bond.

AIRMAN OF MONTH. Airman first-class George W. Ross (left), son of Mr. and Mrs. Emil J. Ross, 4913 Carl avenue, receives a check from Major John B. Kelly, commander, 216th Communications Squadron, for being selected as Airmen of the Month at Taipei Air Station in Taipei, Taiwan (Formosa). Major Kelly congratulated Ross for attaining "the highest degree of military bearing and performance of duties." The airman is married and his wife, Linda, and daughter, Sherri, six months old, reside in Granite City. He has been on Formosa since July 18, 1960. The 216th Squadron gives communications support to Air Task Force 13 (Provisional), a subordinate command established under the 13th Air Force at Clark Air Base, Philippines, to conduct — in coordination with the armed forces of the Republic of China, the air defense of Formosa and Penghu, Pescadore Islands against Communist aggression.

FIRST TICKET TO Rotary Horse Show is sold to Granite City Mayor Leonard R. Davis (right) in his office by Gary Horzel (left), member of the YMCA Youth Club, which is selling tickets in return for what Rotarians will help finance a trip to Washington, D. C., later this month. Ed Meng, Granite City Rotary president, is at center. The show will be held Aug. 26 at the Tri-City Speedway.

Noonday Optimists Hosts To Rotary Leaders

The Noonday Optimist club Thursday hosted two members of the Granite City Rotary club who discussed their club's history and activities. Today, 10,700 clubs have over 500,000 members throughout the world.

Local club projects which Meng listed include purchase of a camp chapel and truck for Boy Scouts; paving a road to Camp Lakota; the Girl Scout camp; and purchase of air-conditioning and kitchen equipment for the YMCA and band instruments for the high school. The club averages about 90% attendance at its weekly meetings.

Dean Mayberry, co-chairman of the Aug. 26 Rotary-sponsored horse show, described the event and listed the youth programs to be aided through the proceeds.

CHILD'S SCHOOL CLOTHES STOLEN

To The Editor: Yesterday I was downtown shopping for school clothes for my children.

I put my package down while I looked at some yard goods. I made a purchase and as I was leaving the store I missed my other package. I went back to get it, but it was gone. It hasn't been turned in at the lost and found office.

I just hope who ever took it needs the clothing more than my little boy does.

Honesty? What does it mean? F. A.

THE PASTOR SPEAKS

By James R. Craddock, Pastor, Central Christian Church

A new set of materials for use with Junior high youth is being published soon by one of the religious publishing houses. Its purpose, of course, will be to help this age group to keep their lives in proper focus. Not only Junior highs but adults also will have to work at this task for our lives easily get out of proper focus, so that things of relatively small importance loom up like huge mountains and things which really matter must shrink in size.

Have you ever taken a camera and proceeded to snap a roll of film without remembering to focus it. The results are most disappointing when the pictures are returned from the developers with not a clear picture in the lot. Sometimes, we can purchase a new roll of film and re-take the shots we wish to preserve on film. At other times it is impossible to recapture the same view. Our problems are greatly multiplied when it is not a camera but a life that is out of focus. Something far more valuable than film is involved.

The minds and desires of people do get out of focus. Often they seem to be focused at three feet when they should be set at infinity. Only those personal wants and needs that are at arms length are noticed while the needs of others are too far away to be seen. The only time is now for there is no sense of the future.

There is a way to restore the right focus. Christ can do this for us if we will take our measurements from Him. The Bible gives us an instance of the restoration of focus in the miracle of a blind man receiving his sight. At one stage in the cure he said, "I see men; but they look like trees walking." His sight was badly out of focus. Later, however, he "saw everything clearly."

God must be brought into focus in our minds and hearts. Our vision must be improved until we can see clearly our brothers who seem far away but whose need, in reality, is near at hand. By giving attention to those things beyond the here and now that relate to the spiritual and the eternal we can, with God's help, bring the right focus into life.

Bill Signed On Property Liens For Pensions

A lien and recovery bill, which legislative sponsors say could save the state \$20,000,000 a year, has been signed by Gov. Kerner. It was announced Friday.

The measure will allow the Illinois Public Aid Commission to place a lien on any real estate owned by a recipient of old age assistance.

It was designed to plug loopholes in the present law, under which recipients and their heirs can defeat the state's attempt to recover money paid to pensioners.

Other bills signed will: Place a 10-cent association, foundations and athletic associations affiliated with the University of Illinois under the heading of employers in the university's retirement plan.

Require the state highway division to paint white lines along edges of all-weather surfaced rural state highways.

Authorize county tuberculosis sanatoriums, townships and road districts to purchase insurance against negligent acts of employees.

Require the highway division to remove snow piled up in front of driveways.

Provide for the transfer of funds remaining in a hospital fund after sale of city public hospital having no outstanding bonds to the city's general fund for use in capital expenditures.

Permit prisoners who have completed their sentences to be released under supervision 90 days before their final discharge. The bill was sponsored by Rep. Paul Simon (D., Troy).

Penalty for "Drug Racing"
Provide a penalty of a jail term and loss of driver's license for persons convicted of "drug racing" on public streets.

Allow county funds to be used for maintenance of highways and streets within municipalities where the purpose is to connect or complete a county highway in the city.

Increase from six to ten cents the price per cubic yard which the state may pay for earth, stone, sand, gravel and related materials.

Allow \$300,000 for construction of the Veterans Minimum Security Prison and \$760,000 for operations of the new institution for the next two years.

Alpo Tax By Referendum
Empower municipalities to levy a tax of ten cents on each \$100 valuation for construction and operation of municipal airports. The levy would be subject to a referendum vote.

Permit aliens to teach a foreign language.

Remove the statutory limit of 2 1/2% for river conservation districts.

Provide that the ballot shall indicate whether a school board candidate is running for a full term or vacancy and whether representation on the board has any area restriction.

Require school officials to sign an affidavit saying no discrimination exists when they apply for state aid.

Authorize the state school superintendent to conduct an investigation of charges of racial discrimination lodged in a complaint by 50 residents or 10% of the residents of a school district, whichever is less. The superintendent can turn to the attorney general for court action if necessary.

Qualification On Judges
Prohibit county and probate judges from practicing law on the side.

Establish a licensing system for feeder swine dealers and provide alternative procedures for vaccinating the swine against cholera after they are shipped into the state.

Require secretaries of boards of education to publish the time and place and with whom nominating petitions of candidates for members of such boards shall be filed.

Provide that minors violating boating, fishing or hunting laws may be taken before justices of the peace or police magistrates.

And allow cities with election commissioners to raise the salary of the mayor and two commissioners.

Voters By Governor
The governor vetoed a bill which would have required identification cards for voters in cities with election commissions. The cards would have shown the congressional, senatorial and representative district of the holder.

He also vetoed a bill which would have reduced the fishing license from \$2 to 50 cents for disabled veterans. Another veto came on a measure that would have made reversal of a conviction a requisite for suit against the state by a person alleging wrongful imprisonment.

A move to restrict the Supreme Court in sitting judges of courts of records to judges who are attorneys was vetoed.

MORE ABOUT 2792-Pupil 5-yr. Gain

(Continued from Page 1)

gains include unincorporated areas where additional homes have been built.

Other percentage gains were 5.4% in Triad, 4.6% in East-Alton Wood River high school, 4.2% in Collinsville, 4.1% in Bell, 3.4% in Alton, 3.2% in Highland, 3% in Livingston, 2.8% in East River elementary, 1.8% in East Alton elementary, 1% in Worden and 4% in Madison, with a 1.6% loss in Venice.

Expect 30,024 Pupils

Madison county had a public school enrollment of 41,587 in September, 1956, the report shows. There were increases of 1949, 1459, 2213 and 1766 in the next four years for totals of 43,006, 45,355, 47,608 and 49,274. The new enrollment is expected to be 50,924, a gain of 13,500.

In Granite City, enrollments over the 1956-61 period are listed as 9008, 9546, 10,074, 10,713, 11,415 and 11,800.

A similar breakdown for the Madison district shows 2788, 2800, 2778, 2835, 2814 and 2847, while Venice schools list 943, 958, 1007, 971, 889 and 863.

Past Alton in 1960

The Alton district exceeded Granite City enrollment by 637 in 1956, 461 the following year, 221 in 1958 and two students in 1959, when the counts were 10,715 and 10,713.

Granite City led 11,415 to 10,053 last fall and is expected to have 11,800 students to Alton's 11,288 next month.

Supr. Trimpe's statistics show that Granite City public schools are gaining an average of 538 new pupils each year, while Alton is adding 329, Edwardsville 223, Collinsville 183, Roxana 165 and Bellhoro 109.

Karandjeff Honored, Gives Bank History

Henry D. Karandjeff, chairman of the board of the Granite City Trust and Savings Bank, outlined the half-century history of the Trust and Savings Bank at a testimonial dinner given in his honor Thursday evening.

To mark Karandjeff's 50 years with the bank, beginning as a bookkeeper in 1911, 23 directors and officers met at the Missouri Athletic Club, St. Louis, to honor him on his service given by Ernest A. Karandjeff, Trust Bank president and son of the founder, and Gene H. Sternberg, a director.

Given a set of memento cuff links by the group, Karandjeff spoke of the large number of people instrumental in bringing the bank to its present position. The cuff links are diamond-studded.

Five Fined in Venice Court; One Dismissal

Fines assessed by Venice Police Magistrate Wesley Edwards on Saturday included \$15 and costs against Charles Walton, 531 Garner road, June 29 assault and battery charge; \$25 and costs on property destruction (stuck fire hydrant at 412 Main street, July 30); \$5 and costs, Rufus Owens, 34, of 1025 Market street, peace disturbance at 11:40 p.m., Friday at Douglas and Weaver streets; \$5 and costs on each charge of improper parking and peace disturbance, George Spearman, 812 Jefferson street, West Madison, July 25, and court costs, Norman Robinson, 97 Lee Wright Homes, Venice, fighting July 20.

The Magistrate dismissed an assault charge filed against Joseph Griggs, 50, of 1041 College street, after a slugging in Lee Park July 28.

Total paid Thursday, Friday and Saturday of last week was \$42.04.

Two Arrested As Auto Strikes Venice Tavern

Both occupants of an auto were arrested at 7:30 a.m. Sunday after colliding with the Robin's Nest tavern, 113 Slough road, Venice. They were Paul Porter, 101 Harrison, and Robert Burns, 1401 Madison avenue.

Each was charged with disorderly conduct, drunkenness and no driver's license. Police said one was driving prior to the crash and the other attempted to back the car away from the building. The left front fender, wheel and bumper of the car were damaged.

The two were released Sunday afternoon for hearings next Saturday.

Two Children Injured In Falls, Treated

Two small children were treated Sunday afternoon at St. Elizabeth Hospital for injuries suffered in falls.

Pamela Wyatt, four, 3050 Circle drive, needed six stitches to close a laceration to her chin. Three sutures were needed to close the cut left arm of Eddie Edwards, 2626 Iowa street.

Speeding Arrests

Charged with speeding early today by Granite City police were three motorists who posted their driver's licenses as bond pending hearings. Arrested were David Hart, 18, of 869 Thorngate; Thomas R. Hughes, 21, of 2529 Johnson road; and Joseph Strouff, 43, of 1614 Lindell Blvd.

Motorist Charged

Charged by police with passing a railroad gate at 22nd street and railroad tracks Thursday afternoon was Violet Mitchell, 2571 East 27th street. She posted her driver's license as bond.

Stephen Asadorian, 65, Succumbs In Hospital

Stephen Asadorian, 65, founder of the Asadorian Rug Co. in St. Louis and a nearly lifetime resident of Granite City, died in the Jewish Hospital, St. Louis, at 9:15 p.m. Friday following a long illness. He lived at 2653 Grand avenue.

Mr. Asadorian was born in Armenia, in 1896, coming to the U. S. shortly after a fire in his home. He founded the Asadorian Rug Co. 16 years ago and was associated in the two sons, Higon and Edward Zovan, both of Granite City.

He had been in ill health for several years, and entered the hospital a week before his death.

Mr. Asadorian was a member of the St. Gregory the Illuminator Armenian Apostolic Church and belonged to the ARP and A.M.A. Benevolent.

Surviving, in addition to the two sons, are his wife, Pavoze, and a daughter, Rossy, of Granite City; a brother, Oscar, Brooklyn, N. Y.; and two grandchildren.

Funeral arrangements are given in an obituary elsewhere in this issue.

\$3,380,000 Collected In GC; Only Few Days Left

Granite City township payments now total \$3,380,229, with only a few days left in the collections here.

Collector Frank Sappington said local collections will end sometime between Aug. 10 and 15, after which the books will be closed and sent to the county treasurer's office in Edwardsville.

Total paid Thursday, Friday and Saturday of last week was \$42,046.

Arrests in Tire Theft

Theft of a new truck tire and wheel valued at \$100 resulted in a flurry of activity Friday by all three local police departments, culminating in three arrests and issuance of a warrant for a fourth suspect.

The theft from a truck owned by William Thiemann, 1108 College street, occurred while it was parked in front of his home and was reported to Venice police at 7:30 a.m. Friday.

When it was reported at 1:40 p.m. Friday that a tire and wheel were thrown out of an auto near 17th and State streets, area police were alerted and some of the group were apprehended by Madison officers. The tire, meanwhile, disappeared but later was located and returned to the owner following questioning of the suspects. It had been sold, they related.

Power Mower Stolen

Earl Schuber, 2809 Lincoln avenue, reported a police officer that a 19-inch power lawnmower was taken from his garage last night. He said his initials were scratched into the upper part of the mower.

A break-in at the Madison Aluminum Foundry Co., 1803 Benton street, was reported early Saturday to Granite City police but apparently nothing was stolen, according to Ray Ples owner.

Police said entrance was through a side door forced open on the north side, and exit apparently was through the front door. A watchman at the nearby industrial reported seeing two boys fleeing from a nearby building about midnight.

Fred Jiles, 42, of 1025 Douglas street and Lot Pickett Jr., 22, of 717 Russell street, West Madison, were fined \$100 and costs each by Edwards on petty larceny.

Cigarettes, Cash Taken

An undetermined amount of cigarettes and change was taken from a DK service station at 1371 Edwardsville road early Friday, Granite City police reported. The owner said the front door window was broken and a cigarette dispenser pried open.

A white, two-door 1955 auto was stolen from a downtown parking lot between 9:20 and 11:33 a.m. yesterday. It was reported to Granite City police by the owner, D. V. Curtis, 1426 Madison avenue.

Morgan Listed As Plan Head

Under municipal planning, a report is anticipated from the city planning commission, and appointment of David W. Morgan as chairman of the commission is to be presented by Mayor Leonard Davis. Executive director of the Granite City Housing Authority, Morgan is one of 15 commission members appointed by the mayor.

Appointments to the city appeals board also are to be presented to the council tonight.

Public works committee topics will include a report on sewer breaks and the progress of repairs, and a discussion on seeking bids for repair of the former street car track area on 19th street from Cleveland blvd. to State street.

Streets, Sidewalks, Trucks

Other public works business will include a construction topogon on Johnson road; discussion of St. Clair avenue repairs; recommendation that a truck be purchased for the city sanitation department; a resolution on the Granite City Street Co. water line; awarding of a contract on sidewalk, curb and gutter repair; possibility of hiring Ed Juneau for engineering work on constructing a school sidewalk along Benton street; and possibility of establishing a load limit from 24th and Adams streets north to Benton street.

SIDEWALK SALE CROWD, described by one merchant as "the largest shopping crowd in the downtown area in 15 years." Forty stores, members of the Downtown Granite City committee, lined the curbsides with regular and special merchandise Friday and Saturday. Ted Berger, chairman of the committee, said plans are being made to hold similar sales semi-annually, in the spring and fall.

DESPITE RAIN Saturday shoppers kept businesses busy at sidewalk tables both days. A committee member said his sales were as high as during the Christmas period. Gene Lichter served as sales promotion sub-committee chairman for the event.

no idea why anyone would have done it."

She said the wounds were not deep but that some stitches may be required. What appeared to be the initials "EJ" also were scratched above her left elbow.

The girl was found unconscious by Don Lynn, her father, about 20 feet from the rear of the home, 613 Chouteau avenue.

WELL-THUMBED was the merchandise in front of local shop Friday and Saturday, especially at the sidewalk sales at women's stores like this one. Larger day was Friday, as rains Saturday morning kept crowds down. The 100-member downtown committee is planning special events monthly, with sidewalk sales for twice a year.

that's THE LAW

A PUBLIC SERVICE OF ILLINOIS STATE BAR ASSOCIATION
IN COOPERATION WITH THIS NEWSPAPER

DOES THE LAW ALLOW TV TO INVADE YOUR PRIVATE LIFE?

Are you aware that you have a legal right to be left alone in your private life? Yes, it is true that each of us has the right to conduct his personal affairs free of unwarranted publicity. Some new and interesting aspects of this so-called "right of privacy" have arisen since the coming of television, with its probing camera and wide audience.

Suppose, for example, that the Blake family resides in the metropolis of Zanesville, Illinois, and that Mrs. Blake is a regular customer of the Magic Food Store. Magic sponsors a "man-of-the-street" television program in front of one of its stores. Let us assume four cases.

Four Illustrations
One: Mrs. Blake is pictured by the television camera as one of the crowd gathered to watch the show.

Two: Mrs. Blake is pictured on television while being interviewed by the monitor of the program.

Three: During a commercial, the camera focuses on Mrs. Blake as she approaches the store, and the monitor proclaims: "Here comes Mrs. Harry Blake of this city, who is a steady customer of the Magic Food Stores. She knows quality products!" Mrs. Blake is unaware of this.

Four: Magic secures a picture taken of Mrs. Blake while she is in a Magic store buying food, and uses the picture in its television advertising. The picture is taken and used without her knowledge and consent.

Now in which of these hypothetical cases has Mrs. Blake's right of privacy been violated? Right of Privacy

In the first case Mrs. Blake has not been wronged because she knowingly placed herself in a position where she is likely to be photographed as part of the crowd, and because the television was of reasonable duration and of a subject of general interest. In the second case, Mrs. Blake volunteered to be interviewed and thus consented to the televising. She voluntarily gave up her right of privacy for that purpose.

The third case is different, because Magic televised Mrs. Blake without her consent, and she had no reason to expect to be pictured. Further, the purpose of the store's act was to promote its own commercial ends. Mrs. Blake's right of privacy would probably be held to have been violated.

The fourth case presents facts constituting a clear transgression of Mrs. Blake's right of privacy. Although the picture was taken of Mrs. Blake buying food in public, Magic has no right to publicize that act beyond those who would normally view it. The case is made even stronger by the fact that the store's use of Mrs. Blake's likeness is to benefit itself financially.

TV Can Violate Rights
Even those who come often into the public eye have a protectible legal right of privacy as to that portion of their life which they have not surrendered to public view and interest. A movie star's right of privacy may be violated by television should the camera focus on him in his private life or should his likeness be used for commercial purposes without his consent.

In many instances the legitimate interest of the public in newsworthy events overrides the individual's tender feelings about his privacy. Examples are the televising of spectators or participants at a baseball game, a public speech, or other events of general interest.

In questionable cases the courts have been prone to give preference to the desirability of an informed public over the right of an individual to his privacy. Nevertheless, each of us has this legal right to be left alone which, if violated without

Renovation Of Bridge

(Continued from Page 1)

listing fire protection system at a cost of \$28,500.

Recommendations for the year beginning Oct. 1, 1961, are cleaning and painting of steelwork on the bridge approaches, \$68,000 estimated cost; repairs to deteriorated concrete curbing and roadway joints on the steel and concrete Veneer approach, \$15,000; and new sub-rails on the gusset plates attached to stiffeners of the through plate girder in the western approach's north-by lanes (damaged in traffic accidents), \$200,000.

Cleaning and painting of steelwork on the three main river spans at a cost of \$78,000 is recommended in 1962, with replacement of the roadway lighting system with mercury-vapor lights and rehabilitation of navigation lights at an expenditure of \$145,000.

Later projects listed are replacement of all pipe and lattice-type handrails, \$84,000; improvement of the sharp curve atop the Veneer approach, \$163,000; two additional toll booths, \$70,000; a new administration building, \$275,000; and replacement of all asphalt-covered timber deck with concrete deck or concrete-filled grid deck, \$593,000.

Mayor John E. Lee, who said he expects the present remodeling to be finished shortly "after school starts," said the project will be given to inspectors that can reduce bridge insurance costs, which have topped \$200,000 in the first three years.

The work is to be financed from the bridge's Improvement and Improvement Reserve Fund, cause, can be vindicated by a civil action for damages.

Falls, Cuts Account For Hospital Cases

Mrs. Ora E. Wilson, 2208 Ohio avenue, was admitted to St. Elizabeth Hospital Thursday after she suffered a fall and complained of pain in the left side of her chest. Her condition was described as fair.

Other emergency cases treated included dog bites to the right leg of John White, 11, of 2511 Logan street and Bill Foster, seven, 218 Carver street, Eagle Park Acres. The youngers were cleaned, and the youngsters were released.

Treated for cuts and punctures to their feet were Dan Worthen, seven, 3224 Aubrey avenue, who stepped on glass with his left foot; Cindy Markarian, 13, of 2105 Clark avenue, who stepped on glass with her right foot; Ricky Rutledge, 11, of 485 Vine street, who cut one foot on a tin can; and Addie Chapman, 4109 Kirkpatrick Homes, right foot and left knee injured in a fall.

Also treated Thursday were Fleta Stalcoff, 1707 Courtyard drive, for a cut left thumb; a fingerfing, suffered when she caught her hand in an electric fan; Isabelle Krober, 3909 Lake street, left thumb slammed in a car door; Eugene Kierul, 11, of 810 Washington avenue, cut left upper eyelid.

Also treated last week were George Sirotski, six, 208 Edwards street, for a particle in his left eye; Donny Griffin, nine, 1066 Fifth street, scalp laceration suffered while swimming; Bette Lavelle, Rural Route One, foot injured when she stepped on a needle; and Michael Robinson, 10, of 2100 Hildebrand street, fractured left arm suffered in a fall while playing.

Brother Of Mrs. Pirle Buried In Tennessee

Funeral services were conducted Saturday in Nashville, Tenn., for Charles H. York, brother of Mrs. Howard (Mae) Pirle, 2121 Benton street. Mr. York died suddenly at his home in Nashville last week at the age of 57.

He also is survived by three brothers and one other sister. Interment was in a Nashville cemetery.

Combined Special Assessment And MFT Projects Suggested By SIU

(This is the 16th in a series of articles based on a reorganization study of city government in Granite City by Southern Illinois University.)

Special assessment projects for street work can be set up with the city paying a certain portion of the cost of the total improvement out of Motor Fuel Tax funds, the SIU team of government experts point out in urging more widespread use of available MFT funds.

"The city could agree to a payment of 25 to 35% of the total cost from MFT funds, and the balance would be paid by the property owner over a 10-year period with interest payable on the unpaid balance."

"Under the Illinois Local Improvement Act, the assessment becomes a lien against the property involved. The city is justified in paying a part of the cost of the street improvement on residential streets because—

"(1)—The benefit received from the improvement accrues both directly to the property owner and indirectly to the city as a whole.

"(2)—The property owner can be assumed to have paid in the cost of his property for whatever improvement exists in front of his property. The city's participation is reimbursement for the existing improvement."

"The city would seek the agreement of the property owners for payment of their share of the cost of the improvement upon securing the agreement of all the property owners on binding contract, the city could

proceed with setting up an MFT construction section for the project."

"The city would have the choice of collecting from the property owners at the time the project was completed or advancing the money on a cash basis to be reimbursed by collections from the property owners over a period of years. The city has used this general procedure in sidewalk extensions where no MFT funds were involved and in the improvement of St. Clair avenue where sub-division and the city participated in an MFT project."

City Consultant Engineer
"A city may do its own engineering for MFT work or it may retain the services of a consultant engineer. If a consultant engineer is retained, the contract between the firm and the city must be approved by the state."

"There has been considerable controversy in Granite City over the rates charged by the consulting engineer. While the rates are not excessive, they are charged by some other area engineers, they do not exceed the limits set by the state and are allowed by the city council."

"The city council should be advised by the consulting engineer of the work done and services rendered by the consulting engineer from

time to time to be sure that the city is receiving full benefit from a higher fee."

"The annual MFT street maintenance program is set up each year by the consulting engineer and the superintendent of streets. The estimate forms are prepared by the engineer along with the appropriation resolution and are submitted to the council for approval."

Beginning in April the city began paying several of the regular street employees from MFT funds. This is continued through the year until the estimate for labor is used up or exceeded by not more than 20% the excess over the original maintenance estimate the state has approved. Equipment rental and material items should not exceed the approved maintenance estimate by more than 10%.

Field Records Lacking
"Since no detailed field records are kept, the charges for labor are distributed by the controller on the final report for the maintenance period in proportion to the amounts for labor approved for each maintenance operation — grading and cleaning ditches, spreading chips and other items — in the original maintenance estimates."

"There are no detailed records kept in the field as to time spent by the several men on the several maintenance operations. In a like manner, equipment rental charges are spread among the several maintenance operations in the same proportion as set up in the original estimate."

"The superintendent of streets' primary function should be to determine from current conditions the actual work which should be done on the arterial streets. He should direct the contractor in rate of spread of asphalt and chips, the necessity for additional grading and curbing and other minor variations in the maintenance work which could not be determined several months earlier when the estimates were established."

"It is more important that the superintendent supervise the actual operations than that he attempt to keep time records of men and equipment."

Street Clerk Recommended
"It would be desirable, however, to have a clerk in the street department office whose duty would be to keep records on all department employees."

"They should report to the clerk at the end of each day the hours spent in a broad range of activities. This information would be useful not only in reporting MFT work, but in developing cost records in other activities such as sewer cleaning or tree trimming."

"The clerk would total the hours and work units completed at the end of each month and develop unit cost figures. These would be useful in preparing future MFT maintenance estimates as well as providing valuable budget information."

Records Scattered
"Records of MFT activities are kept in several places in the city hall and at the consulting engineer's office in East St. Louis. All the city records should be kept in one central MFT file in an orderly manner."

"Presently, some of the construction project records are in the mayor's office, some are in the controller's office and some are in the resident engineer's office. The superintendent of streets also has copies of the current MFT maintenance estimates for his use in completing the work. The controller's records are in a file drawer and also loose in a folder in his desk."

"The resident engineer, or the full time city engineer, should be the central control point on both MFT projects and maintenance estimates, and master files should be kept in that office."

"The controller should keep a copy of the final report form and detail of maintenance expenditures with a copy in the maintenance file in the engineer's office. The controller should receive and keep a copy of all periodic payment estimates for MFT construction projects."

"The controller maintains individual ledger sheets for each MFT construction project and maintenance year. The disbursements are broken down as to engineering and construction."

"The controller should review so that the detail shown in the ledger sheets. A separate ledger sheet should be kept for engineering and for construction for each project. This would enable the MFT auditor and the controller to check expenditures without having shown each check shown in the project ledger sheet. The state has some ledger sheet forms the same size as those used by the controller-headed to give the necessary information."

"The controller keeps a memo record showing monthly allotments, funds certified to the city for approved projects and the allotment balance in the state treasury in Springfield."

"This record is incomplete because it does not show how much of the funds in Springfield are available for use. Two more columns should be added showing appropriation resolutions passed by the council and the balance of the MFT funds available for use."

"Such information is vital in setting up a plan for street improvements."

Analysis Needed

WIN THE SEA SNARK! NOTHING TO BUY! 11 feet long — yet weighs less than 50 pounds.

Enter your Shell dealer's "Sailboat Sweepstakes" today!

WE'll be drawing for the lucky "Sailboat Sweepstakes" winners in just three days — at all the Shell stations listed below. There's still time to

win one of these beautiful 11-foot Sea Snark sailboats! Enter now. Nothing to do but write your name and address. Nothing to buy. Fill out the entry

coupon below and take it to any of the Shell stations listed. But don't put it off. The "Sailboat Sweepstakes" drawings are just three days away.

5 reasons why the Sea Snark is the easiest boat in the world to have fun with

1. **EASY TO SAIL** and handle. Her cat rig makes sailing the Sea Snark a cinch — even if you've never sailed before.
2. **EASY TO CARRY**. The Sea Snark's hull weighs only 30 pounds. She's made of lightweight durable polystyrene.
3. **EASY TO TRANSPORT**. You don't need a trailer or car top carrier. Fits inside most station

wagons. Or simply tie the Sea Snark to the top of your car.

4. **EASY TO STORE**. Just store the Sea Snark along the wall of your garage, attic or basement.

GARY LEWIS HAS BIRTHDAY PARTY

The sixth birthday of Gary Lewis, 3028 Bryan avenue, was celebrated at a party given by his parents, Mr. and Mrs. Robert Lewis, Friday at his home. Balloons decorated the rooms and a large birthday cake centered the refreshment table.

Prizes in games were given to several of the young guests, and party hats and other favors were distributed by the young host.

At the party were Debbie Withers, Bradley Crown, Gina Harlan, Christine Smith, Larry Anderson, Gary Ellis, Gary and Gail Lewis, Mrs. Beatrice Withers, Mrs. Pearl Barlow and Mr. and Mrs. Lewis.

BEGINNER SUMMEARS

During the monthly worship service of Second Baptist Church yesterday, a regular meeting of Helen Lambert Beginner Summears was held. The program featured objects were created from clay, and large leaves were drawn and colored on nature book, "Our Animal Friends," was made by one of the children.

After a guessing game, refreshments were served with Debbie Withers leading in prayer, Mrs. Lewis told a story, "Dolla, Dolla, Dolla," about children of all lands. Plans were made by the group for "Christmas in August" and also for Sunbeam Parent Night to be held Tuesday evening, Aug. 15, at the church.

Present were Debbie Withers, Bradley Crown, Gary Lapard, Paula Tadlock, Gary and Gail Lewis and Mr. and Mrs. Robert Lewis.

GIRLS AUXILIARY MEETS

The Glad Girls of St. Paul's Baptist Church met Friday afternoon at the church with Carol Bellman, Carol Newman, Nancy Newberry, Diane Oliver, Patricia Davis and a visitor, Lynn Mearns, present.

The weekly meeting was taken up with a study of the mission and reading of a mission story, "Elsie's Secret."

HOME FROM VACATION

Mr. and Mrs. Robert Lewis and children, Gary and Gail, of Bryan avenue, returned home Friday from a camping trip to LaJolla National Park and Meramec Caverns.

Charged With Speeding

Gary J. Gow, 18, Engineer Depot, was arrested for speeding in the 2500 block of Iowa street at 2:35 p.m. Saturday. He posted his driver's license pending hearing.

MORE ABOUT

Levee Employees

(Continued from Page 1)

Immediate needs to \$184,291. Tax anticipation warrants totaling \$200,000 were obtained.

Neither Dan Costello, who was ousted as board president last week after East St. Louis City Judge John M. Karrs ruled his Dec. 7 election invalid, nor George Duff, his supporter, were at the Thursday night meeting.

Joe Wylie, pumping station supervisor, told the board pumps at the Parkside lift station are of the wrong design and cannot do an adequate job there. They were designed to pump clear irrigation water, he said, and become clogged when pumping muddy water.

He asked about the possibility of replacing two of the Parkside station pumps with new ones of the proper design, adding the old ones to the present inventory at the Wedgewood station. The matter was referred to the engineering committee for further study.

Leaking Roof

Supervisor Frank Schutzenhofer reported that much of the district equipment is in poor condition and in need of immediate repair. He said the garage roof leaks badly and the heavy rain "I have to wear my boots inside the garage the same as outside. His request also was referred to the engineering committee.

The Aug. 15, a request from Robert Keeley, East St. Louis city building commissioner, for use of a levee district truck by a city clean-up crew. Keeley said he had the men for the job, and would furnish driver, suggesting the move would be a "good civic gesture."

The board agreed to lend the truck. "Tolar told Charles Little, board member, that he had a head, to get comparative prices on two-way radio equipment. He said he would study the practicality of adding such equipment to levee district vehicles later.

Two Traffic Charges

Johnnie H. Brink, 43, 2422 Delmar avenue, arrested at 12:35 a.m. Saturday at Nameoki and Pontoon roads for driving while under the influence of alcohol and reckless driving, pleaded innocent that afternoon. Police Magistrate Gasparovic set a hearing date of Aug. 17, and Brink was released on \$500 property bond.

Auto-Truck Collision

An auto driven by Irma T. Buscemi, 2004 Elm avenue, was involved in an accident with a truck owned by Freund Bakery Products, St. Louis, at 8:15 a.m. Friday on Delmar at 20th street. Granite City police said the car was backing up and the truck was headed north. The driver was William L. Littlejohn, 47, of 2453 Missouri avenue.

25 YEARS AGO

The following items were taken from the files of the Granite City Press-Record

Thursday, Aug. 6, 1936

The Library Board reorganized for the coming year last Friday by electing all the officers, who are R. H. Larner, president; Byron Haven, vice-president; and Mrs. Belle Stallings, secretary.

W. F. Coolidge and Miss Mildred Davis are the new members. Byron Haven having been reappointed. The other members are R. H. Larner, John Kierhoff, J. W. Thompson, Dawson Pugh, E. E. Campbell and Miss Hettie Pick. Coolidge presented to the library the original muster roll of the Civil War for the three local townships.

Police are seeking a "society" burglar who stole a diamond and silk top hat from the room of a carnival operator, residing at the YMCA.

While the Rev. T. B. Ueber, pastor of Reformed Church, St. Louis, was delivering a sermon at Chattanooga on "The Love of Life," a yarding machine called overhead on a beam of the auditorium platform and practiced a little bit of its own as the choir sang a flying bat darted back and forth above the singers' heads and, in the midst of the sermon, there was a flutter and a squeak as the bat sized the mammal. This occurred, unaware the singer, learned of it after the sermons of the choir singers waned.

A delegation of 172 Republicans from the Tri-Cities joined by Otto Kerner, chairman of the local committee, attended the New Douglas appearance of gubernatorial candidate Wayland Brooks.

The village of Newbold voted Monday evening at the monthly meeting to purchase a road grader for use in grading streets in the future, rather than continuing the custom of renting equipment from the township.

An ordinance limiting parking in the downtown district to one hour was passed on the third reading by the city council Monday night and will go into effect in ten days.

Pupils attending the Kankakee school next term will be conveyed by an up-to-date school bus as the result of action of the board Monday. Cost of the new vehicle will be \$1565.

Sam E. Pershall has been elected a director of the First Granite City National Bank, succeeding L. E. Foxworth, who resigned as cashier June 15.

The cast of characters for "Gammer Gupton's Needle," which will be presented tomorrow night at Community high school by local young people, includes Arline Frohardt, Arline Sagerly, Eva Mae Peterson, Harrison, Jack Wolfe, Mary Lou Cunningham, Richard Sudholt and Charles Pesta.

Swimmers at Wilson Park pool yesterday were entertained by a diving exhibition by members of the team, which included Ray MacDonald, Alvin DeWitt, Mary Farris, Al Mueller, Kenneth Graham, Harold Nelson, "Mick"

Weed Cutting To Be Required In Venice

Letters instructing Venice property owners to cut tall weeds were authorized during Friday night's meeting of the Venice city council. The letters are to be sent by City Clerk William M. Eberhardt.

The action followed a discussion opened by Fourth Ward alderman William G. Gages, who said complaints have been received about weeds on property owned by the Madison County Housing Authority and located on the south side of Bissell street near the Lee Wright Home.

Joseph Dumas, a Kerr Island resident, reported high weeds on both sides of the County road near the Engineer Depot, on property believed to be owned by the Gulf, Mobile and Ohio railroad.

Dumas also urged cutting of weeds in the Kerr Island area, and said Illinois Power Co. lines do not extend the entire length of Kerr Island. Temporary electric lines are being inadequate, with refrigerators failing to work properly on hot days, he said.

Mayor John E. Lee asked Eberhardt to request additional service from Illinois Power for Kerr Island. He and Dumas noted that the city has accepted the streets.

In the letters to property owners regarding the weeds, provision is made under city ordinances to be listed.

Dumas suggested that men on relief be utilized for weed cutting, and was told by the mayor that only two or three men receiving relief payments are assigned to the street department.

Dr. Lee said the responsibility for weed control is placed on property owners by the city's laws.

Health Inspection
Health Inspector Walter Simons was asked to investigate a need for garbage containers called by Fourth Ward Alderman Oscar King. The alderman cited a 14-family apartment building in the 1000 block of Logan street and a four-family dwelling on Weaver street near Bissell street.

Mayor Lee reported that a \$5000 bid has been sent to the Madison County Housing Authority on proposed purchase of a 350x125-foot Klein street site for construction of a new city garage. Announcements in the amounts of \$3000 and \$3400 were included with the bid. No reply has been received.

A letter from Rev. C. D. Bu-

chanan, president, and Mrs. Leeverich Weston, assistant secretary, said the local branch of the National Association for the Advancement of Colored People is pleased with four city actions enforcement of a curfew on children, new street lighting, earlier tavern closing and a full-time patrolman in the Precinct 11 area of North Venice. John Crook, a part-time patrolman, was changed to full-time status this year, filling a vacancy created by the retirement of Chief Robert Trotter.

A monthly report by Police Chief Frank DeWitt showed 107 arrests and receipts for the city of \$75, including \$465 fines and \$310 court costs. Police Magistrate Wesley Edwards listed \$46 in bond fees for July. DeWitt is on vacation, and Assistant Chief John Essington attended the council meeting.

Radio Units For Firemen
Two "walkie talkie" radio units were purchased from the Bailey firm in St. Louis at a total cost of \$72 for use by the Venice fire department. With Dr. Lee and Essington saying such radios also would be useful for police, it was decided to order two to the police department if operation of the first two proves satisfactory.

Two policemen could converse with each other, without being heard, if they went to opposite sides of an area to capture someone," the mayor commented. The two-way radios are battery-operated.

Other bills approved included a \$500 purchase from the Midwest Road Co. of E-3 road oil used in resurfacing of unpaved Venice streets this summer.

Repair and remodeling of a house at 202 Main street by Vesil Radman at a cost of \$3500 was authorized. Action on the building permit had been delayed from the previous council meeting, pending a report on transfer of the property title to Radman. Condemnation action had been started by the city against a previous owner.

A July treasury report listed a surplus balance of \$88,708.75, receipts of \$1766, expenditures of \$30,310, a new cash balance of \$30,164, outstanding bills totaling \$4365, cash in transit amounting to \$821 and a bank balance of \$33,908.

Dr. Lee congratulated City Engineer Jack Tolliver on his certification, on the basis of qualifications, as a certified professional engineer.

Driver Leaves Scene After Madison Collision

An unidentified motorist fled the scene after hitting another car on McCambridge avenue between Second and Third streets at 8 a. m. Friday Madison police were informed.

Leonard J. Robbers, 40 of 22 Del Rio avenue said he was driving south on McCambridge when the second driver passed him. The other driver cut in too close, striking the left front of his auto, and then speeded up and left the scene. No injuries were reported.

Car Downs Parking Meter

A driver told police a steering gas pedal caused him to knock down a parking meter as he was preparing to park on Niedringhaus avenue at 15th street Friday afternoon. George F. Arnold, 19, of 2007 Siken street, posted his driver's license after he was ticketed for destruction of city property. His westbound auto jumped the curb and blew the right front tire before striking the meter.

Driver Posts \$27 Bond

David Garrison, 21 of 1436 Sixth street posted \$27 cash bond at 7:38 a. m. Saturday pending a hearing on charges of speeding and driving without a driver's license. He was arrested at 1800 Madison avenue.
